## ABOUT ME

Software Developer with full-time production experience building web applications with React, Next.js, and TypeScript. Worked on consumer web platforms and a customer-feedback product, mostly on reusable UI components, REST APIs, state management, and performance. M.Sc. student in Germany, available immediately.

## WORK EXPERIENCE

### Web Developer (Research Assistant)

Sep 2026 – Present

**University of Siegen** · Institute of Analogue Circuits and Image Sensors · Germany · *Part-time*

- Migrating the **institute's website** to the university's new Drupal 11 platform, in German and English.
- Building pages with Layout Builder and Paragraphs, and custom HTML/CSS in rich-text fields.

### Software Developer

Feb 2024 – Feb 2025

**Apex Web Solutions** · Web consulting · UAE · *Full-time · Remote*

- Developed frontend features across 5+ consumer-facing web products, the largest with 600K+ monthly visits, covering third-party content-provider integrations and session-management flows.
- Built an in-app live-chat feature with real-time message updates using WebSockets.
- Developed with Next.js and TypeScript, using Redux Toolkit, Zustand, and Axios for REST APIs.
- Reduced initial load times on media-heavy pages with lazy loading and code splitting.
- Wrote Storybook stories and Jest tests, reviewed PRs, and handled technical SEO and releases.

### Frontend Developer

Jun 2023 – Feb 2024

**Qmeter** · Startup · Azerbaijan · *Full-time · On-site*

- Part of the frontend team on **Qmeter**, a customer-feedback platform used by Volkswagen and Hyundai.
- Worked on the four operator apps (template builder, analytics dashboard with Chart.js and Highcharts, CMS, ticketing) and maintained their shared Ant Design component library.
- Built with React, Next.js, TypeScript, Redux Toolkit, Axios, SCSS and styled-components.

## SKILLS

### FRONTEND DEVELOPMENT

**Core:** React | Next.js | TypeScript | JavaScript (ES6+) | HTML5 | CSS3

**UI & Styling:** Tailwind CSS | SCSS/SASS | styled-components | Ant Design | Material UI

**State Management:** Redux Toolkit | Zustand

**Data & Testing:** REST APIs | Axios | WebSockets | Supabase | Jest | Storybook | SEO

**Data Visualization:** Chart.js | Highcharts

### TOOLING & ADDITIONAL

**Tools & Workflow:** Git | GitHub | Bitbucket | Jira | Figma | Drupal | Azure Cloud | Agile/Scrum

**Backend:** Node.js | Express.js | Python

## PROJECTS

### Qmeter Feedback Template Builder — Frontend

Drag-and-drop form builder within Qmeter, used by businesses to compose their own feedback forms and publish them as QR codes and hosted links for customers.

- Multi-page forms assembled from smiley, star and NPS ratings, voice and media capture, multiple choice, free text and customer-information fields
- Per-question settings panel with live preview: rating scale length, icon and stroke colors, label text, alignment, and follow-up page routing
- Templates in 100+ languages with per-business branding, published as separate QR codes and hosted links

**Stack:** React, Next.js, TypeScript, Redux Toolkit, Ant Design, SCSS, styled-components

### Personal Portfolio & CV — Frontend

This site, built with the same stack used in production work. A single source renders both the web page and the print-ready PDF, deployed on Azure Cloud.

**Stack:** Next.js, React, TypeScript, Tailwind CSS, SCSS, Azure

## EDUCATION

### M.Sc. European Master on Embedded Intelligence Nanosystems Engineering (EMINENT)

Scholarship Holder — Oct 2024 – Dec 2026

**University of Siegen** Mar 2025 – Dec 2026 | **Hellenic Mediterranean University** Oct 2024 – Mar 2025

- Thesis: Implementation of a Memristor-Based Neural Circuit.
- Coursework in programming (Python), digital design and embedded systems.
- Circuit design and simulation projects using standard EDA tools.

### B.Sc. System Engineering — Sep 2019 – Jun 2023

**Azerbaijan State Oil and Industry University** · Baku, Azerbaijan

- Graduated with honors (GPA: 90/100).
- Thesis: Integration of Smart Home and Internet of Things using Web Development.

## LANGUAGES

**Azerbaijani** Native · **Turkish** Professional C2 · **English** Professional C1 IELTS

**Russian** Basic User B1 · **German** Basic User A2

## HONORS & AWARDS

- **Erasmus Mundus Joint Master's Scholarship** — 2024
  European Commission
  *Embedded Intelligence and Nanosystems Engineering (EMINENT)*
- **Technest Scholarship** — 2021
  Ministry of Transport, Communications and High Technologies
  *Full Stack Web Development*
